

COURSE GUIDE

HLTAID004 – Provide an Emergency First Aid Response in an Education and Childcare Setting

Unit Description and Target Group

This unit describes the skills and knowledge required to provide a first aid response to infants, children and adults

The unit applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies.

Delivery mode and location

This course will be delivered in our classroom at 12 Overland Drive, Narre Warren, 3805 or approved workspaces.

Course Duration

This course will be conducted over two days (8 hours per session) of face-to-face training and assessment.

Award Issued

A Statement of Attainment will be provided for the successful completion of the following course:

- HLTAID004 Provide an Emergency First Aid Response in an Education and Childcare Setting

Career Outcomes

Students who complete a HLTAID004 course are highly viable to organisations within the childcare or educational sector. The entirety of workplaces that involve children first and for mostly ensure to their clientele that their workplace is safe and secure. Hence, why they require all staff to complete this vital course (in accordance with regulatory standards).

In the unlikely event of an injury in the workplace, there is assurance that a worker is ready to act promptly to potentially save a child's life.

Course Structure

Provide an emergency first aid response in an education and care setting contains both theoretical and practical elements within its course guide. Students are required to demonstrate a satisfactory level for each given unit to obtain a Statement of Attainment.

Course Guide

Training Arrangements

This course will be conducted over two days (8 hours per session) of face-to-face training and assessment.

Alternatively, please contact us at 1300 WEUPSKILL to arrange a private session or onsite training.

Assessment Arrangements

Assessment methods used for this qualification will provide individuals opportunities to demonstrate that they have met the required outcomes including:

- Theoretical assessments
- Observations

Additional Support

All students will be provided with a range of learning support options and resources to help them achieve competency. This may include:

- Mentoring from Trainers
- Computer and technology support
- Referral to external support services

Australian Pacific Institute of Technology will provide additional support for any students experiencing:

- Disability and access issues;
- Language barriers;
- Language, literacy and numeracy issues;
- Employment issues; and/or
- Any other issues that may affect their ability to achieve their training goals.

Provision of additional support services will be provided where necessary to enable students to participate in the same way as any other person regardless of whether support services have been required.

Where there is perceived difficulty in achieving learning goals, the trainer will discuss these issues with the student. The student will be provided with information about possible alternative courses, additional tools and resources available, and options and choices for accessing a supportive network.

The information provided will vary depending on the individual needs of the student.
